NUMBER: _____ SECTION: _____

VERSUS

19th JUDICIAL DISTRICT COURT

PARISH OF EAST BATON ROUGE

**UNITED CAJUN NAVY,
TODD TERRELL AND
BRIAN THRASCHER**

STATE OF LOUISIANA

PETITION FOR DEFAMATION

The Petition of plaintiff, CAJUN NAVY 2016, a non-profit corporation domiciled in Livingston Parish, State of Louisiana, by and through undersigned counsel, respectfully represents that:

1.

Venue is proper in this Parish and State, pursuant to the Louisiana Code of Civil Procedure Article 74.

2.

Defendants enumerated below are justly and truly indebted unto Petitioner for all sums as are reasonable under the premises, punitive damages, and as allowed by law, attorney's fees, civil penalties, actual damages, and litigation expenses against Defendants, all costs of these proceedings, legal interest thereon from the date of judicial demand until paid, and all such other relief, including injunction and/or declaratory relief, as allowed by law:

1. UNITED CAJUN NAVY, a non-profit corporation licensed to do and doing business in the State of Louisiana, who can be served through their registered agent for service and process, Todd Terrell, at 2053 West Magna Carta Place, Baton Rouge, Louisiana, 70815;
2. TODD TERRELL aka CHRISTOPHER TODD TERRELL, a person of the full age of majority, Officer and Registered Agent for United Cajun Navy, and a resident of the State of Louisiana, who can be served at 9318 Jimmy Wedell Dr., Baton Rouge, Louisiana, 70807, and;
3. BRIAN THRASCHER, a person of the full age of majority, Officer and Vice President of United Cajun Navy, and a resident of the State of Louisiana, who can be served at 141 Robert E. Lee Blvd., New Orleans, Louisiana, 70124.

3.

Following Hurricane Katrina, then Senator, Nick Gautreaux, pled to the citizens in the State of Louisiana on platforms across local television and radio, asking for “anyone” who could help the people of New Orleans. An estimated 300-400 boats answered the call of Senator Geautreaux. The civilians who assisted in this effort then became known across the globe as the “Cajun Navy”. News outlets covered this event stating that more than 10,000 people were rescued by the various boat owners who assisted in rescue efforts.

4.

Following the Great Flood of 2016, which greatly affected the Denham Springs area of the State of Louisiana, Petitioner, Cajun Navy 2016, began its operations to assist individuals affected by the Great Flood of 2016.

5.

Petitioner formally established itself on or about September 6, 2017, as a non-profit corporation, through the Louisiana Secretary of State. (See Exhibit A – Secretary of State, State of Louisiana -Detailed record for Cajun Navy 2016) Since its inception, Petitioner has operated as a non-profit corporation and has organized several water rescues, supply distributions, and various services to hundreds of citizens affected by natural disasters throughout the State of Louisiana, as well as nationally, to many areas in the United States affected by natural disasters.

6.

During Petitioners efforts in the aftermath of Hurricane Harvey in August, 2017, Defendant, TODD TERRELL aka CHRISTOPHER TODD TERRELL, volunteered to assist Petitioner. During the five to seven days TERRELL volunteered, Petitioner was made aware of numerous unauthorized guarantees for payment of services and “deals” that Defendant, TODD TERRELL aka CHRISTOPHER TODD TERRELL, made without the consent or permission of Petitioner.

7.

Accordingly, Petitioner ended its involvement with TERRELL following receipt of communications from a helicopter pilot, who advised Petitioner that payment was guaranteed through Cajun Navy 2016 by Todd Terrell. The pilot advised Petitioner that he had flown Defendant to Texas, and various other places to meet with reporters and/or to “media appearances”. Defendant had no authority or permission to retain services or guarantee payment for services.

8.

Petitioner's identity and reputation is far reaching and is rooted in various communities for its participation in organizing and assisting in major catastrophe rescues and assistance to citizens as a result of natural disasters. Likewise, locally and throughout the State of Louisiana, and nationally in various States that require assistance, Petitioner's reputation is interwoven with communities, and since the Great Flood of Denham Springs in 2016, Petitioner has headed and assisted numerous individuals in rescue efforts from major catastrophes nationwide.

9.

There is no question that Cajun Navy 2016 is an extremely valuable non-profit organization; and since its origination, following a major catastrophe brought upon its community, it has continued throughout its existence to be known to operate with tremendous honor and integrity.

10.

Defendant, UNITED CAJUN NAVY, established its non-profit corporation on or about April 2, 2018. (See Exhibit B – Secretary of State, State of Louisiana -Detailed record for United Cajun Navy)

11.

Defendant, TODD TERRELL aka CHRISTOPHER TODD TERRELL, is the President/Director, and Registered Agent for United Cajun Navy. (See Exhibit B)

12.

Defendant, BRIAN THRASCHER, is an Officer and Vice President of United Cajun Navy. (See Exhibit B)

13.

At the time of the inception of United Cajun Navy, Petitioner had established and operated as a non-profit organization, without issue, and had a valuable reputation and continued harmoniously operating in its efforts to aid citizens in and throughout its community and nationally.

14.

Defendants, UNITED CAJUN NAVY, and TODD TERRELL aka CHRISTOPHER TODD TERRELL, began distributing false information and false statements to the public, throughout the State of Louisiana, and in several states in which Petitioner was providing relief

to citizens displaced or suffering loss as a result of natural disasters. Defendants' actions reflect a pattern and continued effort to ostracize Petitioner. Moreover, Defendants have continued to revictimize the victims of natural disasters by its distribution of false information to the public. Defendants' actions are harmful not only to Petitioner, but to the citizens suffering from natural disasters.

15.

During disaster relief regarding Hurricane Helene, while Petitioner was assisting with distribution and aid to citizens in the North Carolina area, Defendants used the opportunity to continue their false narrative by distributing false information, including public statements, throughout the area of the Hurricane Helene victims, churches, and various institutions looking for assistance during the disaster relief. Defendants posted public falsehoods such as Petitioner's "scam good-hearted people out of their donations", "stole valor to line their own greedy pockets", and identified Petitioner's organization as "scammers". (See Exhibit C – social media posts of United Cajun Navy)

16.

Defendant, United Cajun Navy, falsely distributed information on social media that Cajun Navy 2016 "changed their name to Pinnacle Search and Rescue but when disaster strikes revert to using the Cajun Navy name so they can collect donations" but United Cajun Navy could not "legally stop anyone from using a portion of the name for their own". Defendant further stated that it operated as United Cajun Navy since 2005. (See Exhibit D – social media message of C.S.)

17.

Defendant continues its narrative of being the original Cajun Navy, while being fully aware that the "original Cajun Navy" disbursed following Hurricane Katrina consisted of hundreds of civilians answering the call of a Senator to help its citizens. Defendant was not designated in any capacity other than a volunteer, despite this fact, it continues this claim. Defendants' actions are solely to defame, harass, interfere, and thwart any disaster relief efforts by Petitioner and to hurt Petitioner's reputation and standing.

18.

Petitioner was again assisting disaster victims and a social media post was made thanking Petitioner for its efforts in assisting the victims of a natural disaster. While focusing on its mission to help the citizens in the area of the disaster, Defendant, United Cajun Navy, continued

to post false, slanderous, and misleading information, publicly. Calling Petitioner an “imposter” and stating that “their sole intent is to deceive and confuse the public so they can keep scooping up donations meant for us to continue our work”. (See Exhibit E- social media post)

19.

Continuing its efforts to defame and harass Petitioner, Defendants continued to go to public social media posts made by individuals being assisted by Petitioner, posting “that’s the fake one”. (See Exhibit F – social media post M.S.)

20.

Defendant, United Cajun Navy, continued its attacks on Petitioner, continuing to post about an arrest of a founder of Cajun Navy 2016, even publicly posting that “they use the name Cajun Navy to help fund their SAR and contracting businesses”, despite being aware that the narrative lacked merit and charges were never pursued against said founder. (See Exhibit G – social media post of United Cajun Navy.

21.

Determined to undermine and ruin any efforts by Petitioner to provide relief for disaster victims, Defendant, United Cajun Navy, continued to comment on public social media posts, alleging that Petitioner, was not assisting in North Carolina, further that “they fundraise by making people think they are us”, that United Cajun Navy is “the original Louisiana crew”, and advising the public that regarding Petitioner, Cajun Navy 2016, “we’re letting law enforcement do their thing”. (See Exhibit H – social media posts and comments of United Cajun Navy)

22.

Defendants again publicly posted that Petitioner was “not a division of anything. They are a for-profit business that uses the Cajun Navy name for fundraising”. Following this slanderous, false and misleading post by Defendants, when questioned why Defendants had not sent a cease-and-desist letter to Cajun Navy 2016, United Cajun Navy again stated “We prefer to let law enforcement finish their investigation before taking any civil action”. (See Exhibit I – social media posts and comments of United Cajun Navy).

23.

Upon notification that this post was being circulated, Cajun Navy 2016, through its officer, Laurie Bridgers, commented on the social media post advising that Cajun Navy 2016 was “absolutely the group who responded to Harvey”, she received notification that she was blocked by the author of the post. (See Exhibit J)

24.

Defendant again publicly posted that “Pinnacle is a for profit business started in 2016 was forced to change their name after legal troubles. It’s illegal to raise money as a non-profit after a name change, especially when the IRS isn’t notified of the change, its called money laundering”. (See Exhibit K – social media post of United Cajun Navy)

25.

Defendant, United Cajun Navy, posted that “2016 has not been to WNC, they just post stolen content to make it seem so” (See Exhibit L – social media post of United Cajun Navy)

26.

Defendant, United Cajun Navy, posted that it is the “only #CajunNavy organization that is certified 501c3 non-profit with the IRS” (See Exhibit M – post of United Cajun Navy September 28, 2024)

27.

Defendant, United Cajun Navy, most recently posted that plaintiff was a fraud, was not authorized by any EOC in Texas and was posting copied images pretending to be United Cajun Navy to raise money pretending to be United Cajun Navy. (See Exhibit N – post of United Cajun Navy)

28.

Defendants’ statements and falsehoods, as outlined herein through Exhibits A through N, were a direct harm to Petitioner. Further, Defendants’ knew the information they distributed was false. Defendants’ actions were malicious and without any justification.

29.

During all times pertinent herein, Defendants filed numerous criminal and civil actions against individuals, specifically for social media harassment and cyberstalking, requesting the Court issue protective orders in its favor. These actions consisted of numerous individuals, who according to Defendant, posted false information to “dissuade potential volunteers and donors from supporting the group”, further establishing that Defendants are aware that the distribution to the public of false, misleading, or inaccurate information could be harmful.

30.

As a direct result of the situation sued upon herein, Petitioner sustained damages which include but are not limited to, loss of good name, reputation, standing in the community, defamation, libel, and slander, severe emotional distress and mental anguish, humiliation,

embarrassment, lost wages, lost earning capacity, lost donations, and all such other damages as will be more fully shown at trial of this matter and all for which Petitioner sues for herein.

31.

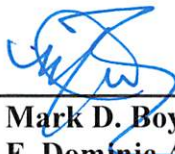

Petitioner shows that it is entitled to and desires all such other relief afforded by law or in equity, including but not limited to, mandamus, injunctive, and/or declaratory relief.

32.

Petitioner is entitled to and desires a trial by jury.

WHEREFORE, Petitioner, CAJUN NAVY 2016, prays of trial by jury and after due proceedings had that there be judgment in favor of Petitioner and against Defendants, UNITED CAJUN NAVY, TODD TERRELL aka CHRISTOPHER TODD TERRELL, and BRIAN TRASCHER, jointly and in solido as allowed by law, for all sums as are reasonable under the premises, punitive damages as allowed by law, attorney's fees, civil penalties, actual damages, and litigation expenses against Defendants, including all costs of these proceedings, legal interest thereon from the date of judicial demand until paid, and all such other relief, including injunctive and/or declaratory relief, as allowed by law.

United Cajun Navy's post

United Cajun Navy is with Mountain Mule Packer Ranch in Asheville, NC.

20h •

One of the true blessings of this deployment has been our new friendship with the Mountain Mule Packer Ranch. We've been so impressed with what we've been able to accomplish together that we have decided to announce a long term partnership with MMPR, not just for the recovery of #WNC, but for future deployments as well! While the scammers who pretend to be Cajun Navy only share photos of things they never actually did to raise money and scam good-hearted people out of their donations, the MMPR knows that the REAL Cajun Navy is the United Cajun Navy! We have stepped up to help MMPR cover some of their expenses since another "Cajun Navy" group stole valor to line their own greedy pockets. Stay tuned for more news about where you can see these adorable and strong animals working side by side with the #CajunNavy in the future! www.thecajunnavy.org #unitedisstrength #unitedcajunnavy #Helene #NorthCarolina

Letter from the CEO at **Curbo Curbs**:

Dear Friends of WNC and beyond,

Greetings in the name of our Lord Jesus Christ, the response from this simple request has been nothing short of amazing, in less than 24 hours all pieces of a very complex operation have gone into place like it was all supposed to happen.

We have secured a home base with portable showers, toilets, cooking and sleeping quarters close to Billy Grahams camp where the tiny homes are being built.

Here is a little background on how our relief operation works. (Similar to what the Amish Churches did after the Kentucky Tornado disasters)

Please do me a favor and delete the comments I made to your page. I had a person contact me after posting to inform me Cajun Navy 2016 is a fraud and sent me a link to an article that stated as such. I got curious why someone from another Cajun Navy org would do such a thing and did some investigating on my own to find the reason you infact filed to change your title legally. I APOLOGIZE! I was blown away when I clicked the link and began reading the accusations against you. I find it hard to believe someone would intentionally try to sway your followers.

They fundraise by making people think they are us. Do some research on that group, there's plenty to read with a quick Google search. We are not the same and have never been affiliated.

Cajun Navy 2016 aka Pinnacle SAR (Search and Rescue), please do not say they are a for-profit group, because they are a non-profit. I appreciate the work of all, but don't throw someone under the bus because it suits you.

What's the difference between Cajun Navy and Cajun Navy 2016?

If it doesn't say Cajun Navy 2016, it is not us. The "2016" in the name sets us apart from the rest. That is the year we formed this organization after the Great Flood in Livingston Parish and surrounding areas. You will also hear us referred to as Pinnacle Search and Rescue. Sep 30, 2024

Great report from Cajun Navy division 2016 that they went out last night and passed out sleeping bags, hand warmers, food, etc to victims of Helene in Western North Carolina.

He says current wind chill temperature is 17 degrees.

Update: These people are NOT affiliated with Cajun Navy but are using their name for some reason. Their website shows they changed names but they're still advertising that they are associated. Very misleading.

Can you clarify that statement for me please. Are you saying they were illegally using the cajun navy and accepting funds on behalf of that name, but have no affiliation? They are a FOR PROFIT?

Now I'm pissed.

Glad no one suggested sending any funds here. They're helping but, [Show more](#)

I wonder if @elonmusk and @DOGE could fire FEMA and hire the Cajun Navy? They do a much better job.

that shows as non profit. They've shown partnerships with other organizations that appear to be doing great works with volunteer time/donations.

this. only use @unitedcajunnavy - I am no longer going to even do any reports on any organization that does this type of crap. I'm thankful they're helping, but utilizing their name in the midst of it all is very wrong (and I would venture to say not legal)

Pinnacle is a for profit business started after 2016 was forced to change their name after legal troubles. It's illegal to raise money as a nonprofit after a name change, especially when the IRS isn't notified of the change. It's called money laundering.

UPDATE

Our followers know that we aren't one of the fly by night groups constantly asking for donations every time an emergency occurs. But due to the nature of what's going on in Tennessee and North Carolina, we are having to ramp up our air operations which are some of the most expensive operations that we perform. In addition, we are adding to our existing fleet of trucks and other transport vehicles so that we can keep a steady flow of supplies going into the field from our headquarters in Baton Rouge. All of our followers have been so generous to us over the years, so they know that when we do ask for monetary donations, it's important. This time it's critical, so any and all donations will immediately be put into air and logistics operations. Remember, we are the only #CajunNavy organization that is a certified 501c3 non-profit with the IRS. So your donations are 100% tax deductible. Thank you for your support, prayers, and generosity! #unitedcajunnavy #unitedisstrength

@2016CajunNavy has done plenty of disaster responses over the years. They spent months in North Carolina helping recovery efforts after Hurricane Helene!! I've heard plenty of bad things about United Cajun Navy over the years. So is it true what I hear about y'all?

2016 was not in North Carolina, all the pictures they posted were ours but that didn't stop them from getting donations and scamming people. We are easy to research, open book. We are the only Cajun Navy group that gets invited to government meetings and partnerships. Nice try!
